

Seedstock Plus... ***Now.. More Than Ever...***

Get the best value for your genetic dollar!

Work with a full-service supplier of leading cattle genetics that has a proven track record of helping customers leverage genetic value as overall cattle markets ebb and flow.

Find the optimum genetic solution to fit your needs with the help of Seedstock Plus's comprehensive database and expertise!

We've been using Seedstock Plus bulls for 10 years. The growth, quality & performance that the bulls have added to the production from our 'Southern' cow herd is exactly what we were looking for. In addition, the replacements that the bulls have provided make a heavy milking, highly fertile female.

F&F Cattle Inc.

Lanny & Melanie Ford

Benefit from ongoing customer service after your purchase!

We bought our first Seedstock Plus bulls at their first sale in Canyon, TX the fall of 2000 and have been pleased with their consistent quality, condition and temperament over the years. Accordingly we have purchased our yearly bull replacements at every sale since then. Thanks Seedstock Plus for your consistent service!

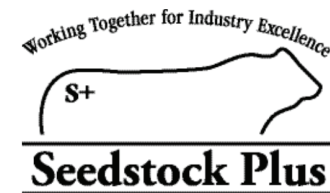

Cotterill Ranch LLC, Cherryvale, KS

Gary, Dr Paul and Rex Cotterill

We have been in the heifer development business for several years. Our customers require easy calving from our heifers but still need good growth from their calves. In our search for the right bulls, we found Seedstock Plus and their bulls have the requirements that we were needing. You can depend on Seedstock Plus to make sure you are getting the specific bulls you are needing. You can be certain that the bulls you have purchased will be delivered with your approval. The best part is after you have made a purchase with Seedstock Plus, they will check in periodically to make sure that the bulls are performing to your expectations.
